Your Privacy Policy is ready!

Copy full Policy from here.

# Step 7:

Go to:- <https://docs.google.com/document/>

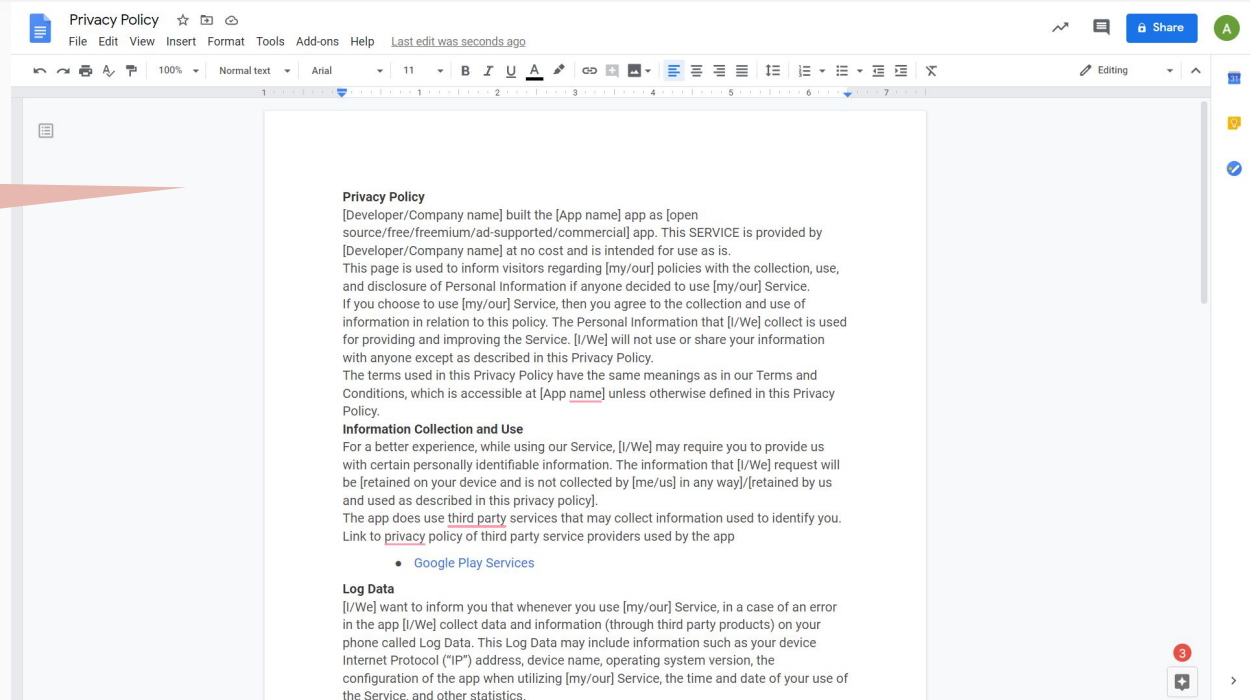

Paste your Privacy Policy here.

# Step 8:

It will look like this

The screenshot shows a web editor interface with a document titled "Privacy Policy". The document content is as follows:

**Privacy Policy**  
[Developer/Company name] built the [App name] app as [open source/free/freemium/ad-supported/commercial] app. This SERVICE is provided by [Developer/Company name] at no cost and is intended for use as is.  
This page is used to inform visitors regarding [my/our] policies with the collection, use, and disclosure of Personal Information if anyone decided to use [my/our] Service.  
If you choose to use [my/our] Service, then you agree to the collection and use of information in relation to this policy. The Personal Information that [I/We] collect is used for providing and improving the Service. [I/We] will not use or share your information with anyone except as described in this Privacy Policy.  
The terms used in this Privacy Policy have the same meanings as in our Terms and Conditions, which is accessible at [App name] unless otherwise defined in this Privacy Policy.

**Information Collection and Use**  
For a better experience, while using our Service, [I/We] may require you to provide us with certain personally identifiable information. The information that [I/We] request will be [retained on your device and is not collected by [me/us] in any way]/[retained by us and used as described in this privacy policy].  
The app does use third party services that may collect information used to identify you. Link to privacy policy of third party service providers used by the app

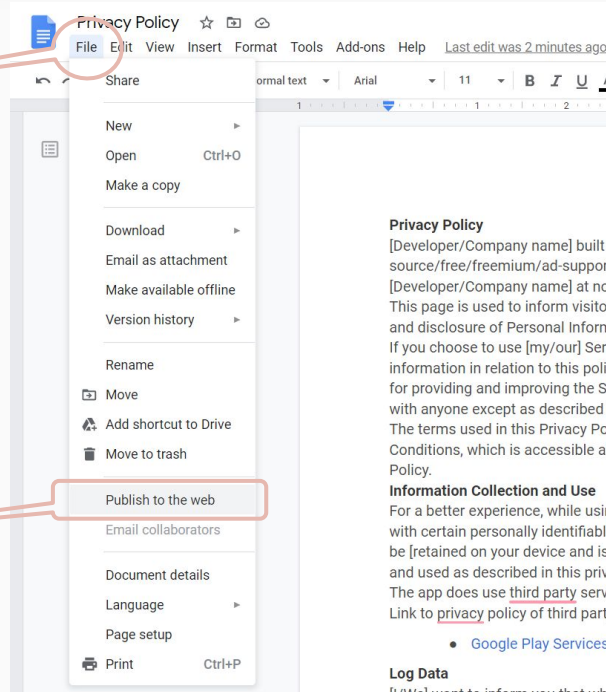

- [Google Play Services](#)

**Log Data**  
[I/We] want to inform you that whenever you use [my/our] Service, in a case of an error in the app [I/We] collect data and information (through third party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app when utilizing [my/our] Service, the time and date of your use of the Service, and other statistics.

# Step 9:

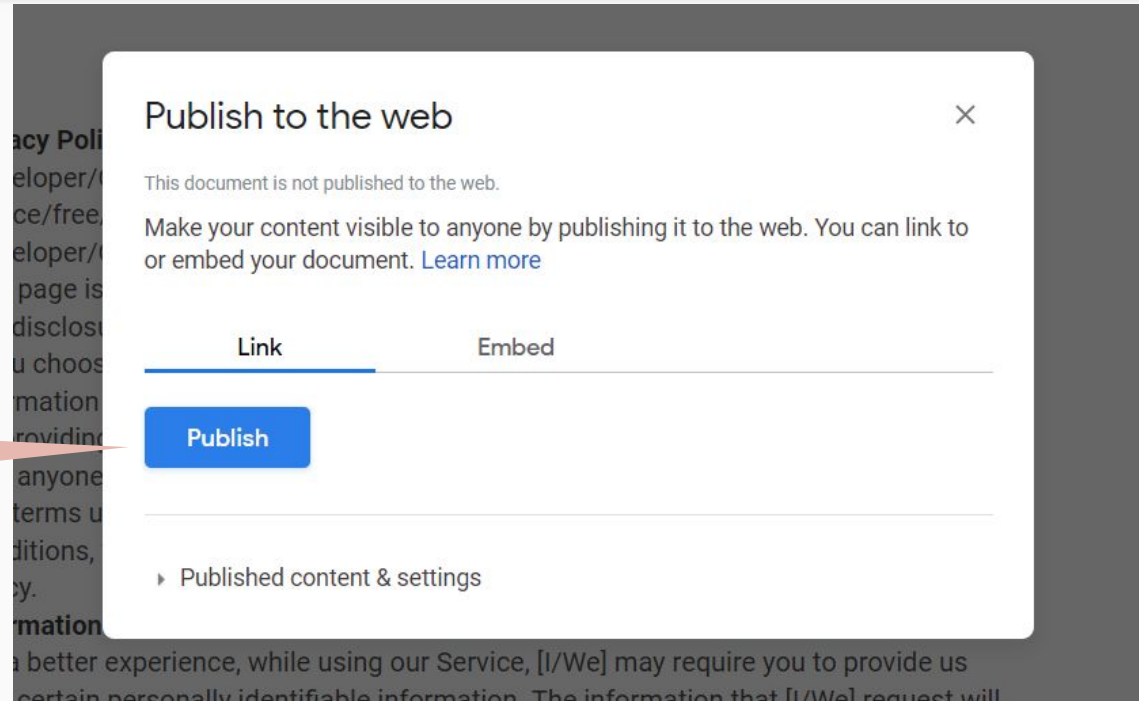

1. Click on File

2. Click on  
Publish to the web

# Step 10:

Click on Publish

# Step 11:

Copy and Paste  
this link in the  
Playstore console  
Of Privacy Policy
